I. Reflections

What were the most useful experiences?

The systematic group work with recommendation for next meeting.

What can be considered as examples of good practices?

- 1) Information about National system for the professionalisation of adult educators from Simona Sava.
- 2) Group talk about how to use contacts and information from our online debate for the future.

What did you learn that is similar or different from policy and practice in your own country?

Adult teacher training system is similar in the Czech Republic, Hungary and Romania. It will be very good to prepare recommendation all together also with Swiss.

What conclusions can be drawn from the experiences of the meeting?

Effective team work has to be very well organized. The methods MoSCoW was smart and our results were clear.

Recommendations will be divided into several categories because not all of them are universal and suitable for all countries as BS system differs across Europe.

What recommendation can be made based on the experiences and discussions of the meeting

- **at EU level;**
pressure of European Commission on adult BS implementation in European countries

- **at national policy making level;**
Promotion and endorsement of BS in the Czech Republic
National strategy of implementing BS into the educational system and lifelong learning

- **at institutional level**

Finding the most suitable candidates for BS teachers.

Innovation of training programmes – implementation of BS aspects into adult training.
